

## About *The Iron Warrior*

*The Iron Warrior* is the official newspaper of the University of Waterloo Engineering Society. We strive to provide relevant news, information, opinions and content. We capture the attention of our audience which consists of over 5,000 Engineering undergraduate students as well as faculty and staff. Complete information on the demographics of the Faculty of Engineering can be found at [uwaterloo.ca/engineering/about/faculty-engineering-statistics](http://uwaterloo.ca/engineering/about/faculty-engineering-statistics).

On a bi-weekly basis, 2,000 copies of *The Iron Warrior* are distributed across the Waterloo and Cambridge campuses. All 2,000 copies are read -- many, more than once! With a long-standing legacy as the newspaper of Waterloo Engineering, our audience extends beyond the Waterloo campuses as many alumni also routinely read *The Iron Warrior* online. Plus, there are students on campus year-round, allowing you to reach more students all throughout the year!

Thank you for your interest, and we look forward to working with you in achieving our mutual goal of providing our audience with the information and content that matters to them!
